

Hello Truckee Enrichment Families,

Welcome to the 2022-2023 school year!

Friday enrichment begins September 9th, 2022, 9:30am-2:00pm. We will hold class for 12 Fridays each semester.

Participating in enrichment is optional. If your student chooses to participate, \$500.00 will be used from their instructional funds each semester.

Attached is the schedule and a description of the classes.

The outside play area/park is scheduled to be up and running on September 30th. **The first few enrichment sessions, students will eat lunch in their classrooms.** Each group will be taken outside for recess. If the outside area isn't available, we can use the auditorium to play games. Since fresh air is crucial, we will make sure your student has some outside time throughout the day. We have a basketball hoop, jump ropes and various 'backyard games' to play. As soon as the park is open we will be able to enjoy the beautiful space and eat outside.

Drop off/Pick up- We have a large number of students participating this year! **All students will enter and be dismissed through the front door of the Community Arts Center, 10046 Church St.** We will have a sign in/out binder set up at the front door, please sign your child in and out. Parking might be tricky with the number of people, be prepared to be flexible and patient.

This year we are asking for parents to volunteer as hall monitors. If each family volunteers for one time slot, we will be covered for the semester. Having a hall monitor is hugely helpful to run our site safely. You can sign up through your supervising teacher. :-)

Throughout the semester, we hold various safety drills. Families will be notified prior to the days that we hold safety drills so that they can prepare their students.

Please let me know if you have any questions.

Thank you and I look forward to seeing you all and having an awesome enrichment year!

Twin Ridges, Truckee

Fall Enrichment 2022-2023

T/K- Kindergarten- Learning Block with Erica McDonnell

Students will explore integrated lessons/activities across the subjects. Covering math, art, reading skills, science, geography/culture, calendar, time, story time and singing. Exploring the outdoors with their senses and "hands on everything".

T/K-Kindergarten- Music Exploration and Spanish with Ileana Vokel

In music exploration, students will sing, dance and play a variety of instruments. Students will learn Spanish through song.

T/K-Kindergarten, 1-2, 3-4, 5-8- P.E. with Melissa Deiro

Students will learn to love exercise! PE will develop skills in activities that will help maintain fitness throughout life. Students will play cooperative games and have fun.

1st/2nd Grade- Ukulele with Sarah Hays

Students will be introduced to the art of playing the Ukulele. Students will learn to read music and create a love for the musical arts.

T/K-Kindergarten, 1-2, 3-4, 5-8- LEGO Engineering with Maggie Schumacher

We have new LEGO Education Spike Essential Sets! Students will learn how to code and endlessly create using a variety of educational LEGO kits.

3rd/4th Grade- Puppetry with Liz Grayson

Students will explore a variety of puppets. Students will build and create hand puppets, sock puppets and marionettes. A fun interactive class!

1st/2nd and 5th-8th Grade- S.T.E.A.M. with Lindsay Hildebrandt

Students will take a journey through the processes of science, technology, engineering, art and math. The class is designed to engage students in real world, hands-on, collaborative learning while mastering core concepts.

3rd/4th and 5th-8th Grade- Creative Writing with Sarah Hays

Students will participate in a variety of writing projects. Guided drawing, writing and learning the writing process will be the focus in various creative writing projects.

ART for all grade levels! The days that the teachers are out, an art lesson will be taught. Paige AhToong or others will sub. :)

We will use a variety of mediums to produce artwork. Painting, drawing, seasonal projects, clay and endless creations will be made. A creative bonus!
