### **Immunization Acknowledgement Form**

- Twin Ridges is an independent study program. You have the option to not vaccinate your children and attend our home study program, but they cannot attend enrichment classes without a vaccination record, or a medical exemption. However, this does not limit your student from participating in learning center offerings such as field trips. If you transfer to another school with a classroom based program you will be required to provide proof of immunization, or a medical waiver.

We require proof of vaccination if your student was vaccinated. Please sign this acknowledgement form after stating your option below. Please note, this form is only for Twin Ridges Home Study Charter School records and state reporting. It can not be transferred to another school.

Please check all the boxes that apply to your student:

- ☐ They received no immunization
- ☐ They received partial immunization.
- ☐ They are up to date with all immunizations.
- ☐ They do have a medical waiver for immunizations.

Student Name (One Student Per Form):

---

Parent/Guardian Signature:

Date:
