September 21, 2020

Dear Twin Ridges Home Study Parents and Families,

I cannot believe that this letter will find its way to you as September is coming to a close! Time is flying by and I hope that this time has been one of happiness for your family. I would like to take this opportunity to keep you updated on the goings on here at TRHS.

First, zoom enrichment classes begin on September 29th! This is so exciting! We have many different classes for all age groups. Although the deadline was last Friday September 18th, I would be happy to extend that deadline to this coming Wednesday September 23rd. Please send me an email with the name of the class, your student name and the email where the zoom invite can be sent. My email address is jdearduff@trhs.us. We look forward to this program! Second, Chromebooks are finally in and we are just waiting for them to be prepped! The last thing I wanted to update you on in regards to previous happenings is that we now have Reading Eggs (Reading) and Prodigy (Math) for students to use from home. Please speak to your supervising teacher if you are interested in these free resources.

Along with this letter, you received a few other documents. One is the TRHS School Site Specific Protection Plan. Please take a look at this plan because it reviews the COVID-19 safety measures in place here at TRHS. Along with that plan, you received a COVID-19 Daily Symptom Checklist. This checklist helps you monitor your family for symptoms so that you can keep your potentially sick family members home from school or work. This helps to protect others. Also, you received a flyer letting you know of a Drive-Thru Flu Shot event. It takes place on October 6th in the Twin Cities Church parking lot. Please take a look at these documents!

Now that I have finished my update on viruses, I want to let you know of a free virtual assembly happening on September 30th at 10am. It is titled, "The EcoHero Show." This Live Streaming assembly is for all students attending TRHS. It encompasses eco culture and how to take care of the planet. Please go to ecoheroshow.com for more information regarding this cool Live Streaming event! I will be sending out directions on how to access this virtual assembly. I hope all of our students will take advantage of such a wonderful opportunity!

Also, the parent club will have a written section at the end of the Nevada City site school newsletter that will feature fun ways for students to share community with each other.

Thank you for taking the time to look over the documents sent along with this letter. They are very important as is the communication we all have with each other. I also want to thank you for the educational support you give your children during this trying time. That support is imperative! Again, please don't hesitate to email me at jdearduff@trhs.us with any questions you may have. I would love to hear from you!

Sincerely,

Jennifer Dearduff
